Sure buddy!

It's not a long anime so it's easy to watch. Such a good story with great characters.
Also very emotional so get ready haha ?

Absolutely fantastic. Although I watched the original long before I have brotherhood a go, the alternative twists they took made for a really entertaining watch.

Awesome anime. Must watch. And I really liked it better than the first FM

If you think you'll like it then yea. From what I remember, Brotherhood opens the same as the original but is kind of a sped up timeline which then goes with a different story route then the original. Both are really good it's just up to you if you wanna watch two different story lines.

Oh okay I didn't look into them too much so I assumed they were two different stories and not two versions of the same story.

I'll just watch brotherhood sometime soon. Thank you!
