Check out Bitcoin Speak it's a forums for discussing Bitcoin and Alt coins where people can come in and talk about trades and crypto and talk to each other.

I make no money off the site and make enough to upkeep it without any donations thanks everybody please check it out.

My site is what it is and thats a forums style website with a similar niche to BitcoinTalk. Regardless of how big the userbase of the site it is TECHNICALLY considered a competitor site because my sites competing with theirs to gain attraction and users and have them use my site instead of bitcointalks.

and pimples on ur ass ew tmi brother.
