Never received payment of AGC/Best Buy and blocked me on discord. :')

I'm just gonna leave this right here.

Although I am sorry you got scammed, lets punch him in the face.

Yeah I know haha, was buying his AGC's from him. With venmo/zelle Everytime he paid up except this time when I sent anyways. He will lose a whole lot more from my chargebacks versus what he gained.

dude you haven't even tried to PM me? And you are saying you are gonna charge back ALL your transactions we have made? Even though you just admitted all of them have come through except this one time? Sounds like some fucked up / sketchy shit to do.

My amazon account got banned. And if you had pm'd me or some shit i would have given you your money back for this transaction you psychopath

People are getting more desperate these days. I hope you recover your items or your funds.

But but... why did you unfriend / block him?

I didn't see your response above mine, obviously since they were submitted at the same time. But any person willing to steal money on a forum because they don't have any real talent and can't earn their own living is pretty fucking desperate. If this isn't the case, good on you.

if you refund him, you probably won't have to do all this
