Thread: [Am I allowed to sell physical items?](#)

Pikachu - September 28, 2019, 3:26 am

I don't think I've ever seen this question asked here, or if it has I just never came across it but as the title says, am I allowed to sell physical items here? Items such as physical art, stones, crystals, etc. (Nothing illegal of course)

I tried to think of a bad thing that could happen when selling physical products here, but nothing came up to my mind. I guess it can be risky only if a person is paying before the item is sent and then item actually never arrives to his destination. Not saying that you would do that (I'm sure you wouldn't) but if it becomes a thing, I'm sure some people would try to pull some scams. Anyway, I'm pretty sure it should be allowed, but maybe it's better to see what admin says.

AFAIK you can, but you are not allowed to sell or buy select few products from what I've read in the [Help Docs](#).

Those include Apple products and Kindles

You are allowed to sell it.

Yes, AFAIK there is no issues

Yes you can but there is some exceptions I believe. Like apple products.

Selling physical items is permissible as long as they are not any of the disallowed items listed in the [Help Docs](#). Also food, drugs, or anything else questionable in nature may not be sold.

What makes you qualified to answer this question? Look at your stats. I read the [Help Docs](#) and theres no mention of it. ? Staff would be suited to answer this.

I believe so as of I have never had a thread get closed or got a warning for it. Just be careful who you sell to as if the wrong person gets your info he might not be to friendly with it. But yes its allowed.

No. Too hard to ensure the sales would be legal.
