Got 1x Fatality account. Under 2k uid and not hwid locked.

I have no problem giving the accounts To middleman if you wish to use one, otherwise you go first.
(As soon As middle man logs In to account and changes password the deal is complete on my part)

Looking to get about \$175 for skeet account & \$100 for fatality.
Skeet account is sold.

Accepting Skrill/BTC + PayPal f&f from HQ users.
