CloudFlare Resolver v1.1

Using this method you are able to uncover any CloudFlare protected website real hosting Ip-Address.

Method is found by me i don't have idea where i can use it so am starting to sell it.

This is no eBook more like Tutorial but i can't give it for free because it will be patched real quick so its only for SALE.

PRICE: 200euro/ per copy

ONLY: 5 Sells available ` to make sure method stay unknown by CloudFlare team.

Everyone will think that this thread is fake or something like that.

Soo everyone who think me method is lie,

POST ANY CLOUDFLARE PROTECTED WEBSITE AND I WILL POST IP ADDRESS !
