Thread: [Looking for a slogan! \[\\$3 BTC\]](#)

Fortunate - September 30, 2019, 10:59 am

I'm looking for a slogan for my gaming server.

The server covers up many games, with Minecraft and Counter-Strike as the main target.

Keep it nice and short. Make sure it's about gaming/fps/games etc.

Examples:

The Gamers Community

Everything Gaming

Everyone is able to compete. Please let me know.

Possibly picking 3 potential slogans, might pick less, might pick more. Each slogan I pick gets \$3 btc.

To enter, post below with your suggestions. You can submit as many slogans you want.

Contest ends as soon as I pick the winner(s). If I don't find a good one I like, I will still pick a winner in a few weeks (19th of October)

EDIT:

First \$3 BTC went to the user "zulu"

EDIT:

Thread closed, congrats to zulu for picking the new slogan for the company.

Do you have a server network name? It would assist with creating a slogan :)

It wouldnt matter in this case since I do not want the name in the slogan. And it's not relevant.

Rush B.

Grab your loadout, we're going gaming.

Must've been the lag.

Grind out and game on.

By gamers, for gamers.

But does it run DOOM?

Team up and get the loot.

Might edit these, might not. Good luck with the server btw OP. ?
