Thread: [October Monthly Gamblers Buy-in \[0.005 BTC\] \[MONTHLY TOURNY TODAY 11AM PST\]](#)

Lavish Living - October 2, 2019, 10:19 pm

Hello future Gamblers,

As many know, my group will require a monthly fee.

All fees will be due by the first Friday of the month, if you have not paid, you will be kicked from the group.

All buy-ins before SUNDAY OCTOBER 6th at 10:59AM PST will be invited into our Monthly poker tournament at 11:00 AM PST on Sunday October 6th. We hope to livestream the event and have some friendly voice chat throughout the tournament.

All October fees will be sent via btc to the address in the contract.

To keep everything organized, everyone must send 0.005 BTC
0.004 btc per member will be added to our Monthly poker tournament prize pool

Since this is hackforums, please remember to use a contract -
[Monthly fee October](#)

After you have paid your 0.005 BTC fee for the month, please pm me your TXID and then you will be invited into the group

Thank you Gamblers.

Group looks amazing. Love gambling and absolutely love playing poker. unfortunately, Sundays at 11a for poker doesn't work for me (which would be my main reason for joining) so I won't even bother asking to join. But good luck with the group and to all involved!

Very unfortunate. It's the time that worked for the most original members who joined Gamblers.

I feel like most people are home watching football, so yeah. You can also play the tournament on your phone if needed.

Sir - October 3, 2019, 10:54 am

Not a bad deal. You should get a sticky for this.
Good luck with sales.

Who needs stickies when you have Stanley to bump it up whenever you want.

But yeah, I may sticky it in group subforum a week before November's monthly Tourney. Since October's tourney deadline is tomorrow, there's no point in buying a sticky. Not many people will buy in for November this early. Just started the thread now to maybe grab a few more for October's tourney.

So basically we pay 0.005 BTC every month to be in this? and 0.004 of the bitcoin we send will go to the prize pool? Or is the buy-in 0.005 BTC and we have to give the group another 0.004 BTC per month?

Total Buy In = 0.005 BTC and out of that, 0.004 BTC goes to the prize pool.

We don't have to pay any 0.005 BTC Monthly after that? If so, that's a nice deal. (both ways its still a good deal for sexy af pink namee lol.)

It is monthly. Its a good group, and the Poker Tournaments will be fun. It will be a decent pot size up for grabs! ?

Seems very nice, are you live streaming any Poker Tournaments soon?

Pain - October 3, 2019, 3:40 pm

I am interested in this but would like a bit more info.

Where and how is the tournament played (site wise). Is it top 3 payout?

Yeah, that would probably be way easier if it's already live on the site. Whens the next tourney?

Sunday. 11am PST.

The live stream would ideally include the voice chat which would be a little more entertaining.

Wise Investments - October 5, 2019, 9:28 am

Any proof we are going to use a legit poker software ?

I mean you can easily make it give you nice cards and to us only low ones

Poker Mavens is the software used. It is not open-source and there is no way for us to change it so there is a way for us to get "nice cards".
