You haven't heard shit in over a month? I see this kid all over the forum posting and selling shit. That's sad. Keep this shit alive so people know not to fuck around with that guy.

occasionally I get DMs asking me if he is okay to deal with so I didn't want to keep bumping it, figured it was doing its job. Last deal he did was 2 months ago.

Been waiting for him to reply to me on Jabber and on pm. Last 3 days he's been on jabber almost every day and no reply.

He basically gave me a virus copy of a builder which I believe is a bannable offense ?

Maybe I should get an admin involved.
