Jeez. I didn't realize how easy it was, lol. I went my whole childhood playing on the old apple computers and finally beat it. Have you guys played the deluxe version? It's the version I grew up with and I didn't even know the DOS version existed until tonight.. ?

I have only played the DOS "Original Version"  
they made us play that in history class on the OLD XP computers  
back when the school even had dial up lol.

I played it not to long ago on the web version just like you linked and my  
charector died and it said "here lies "MY FIRST NAME"" EVEN THO  
ALL MY PEOPLE HAD FAKE NAMES. It was wierd.

Hunting on the original is LIT  
I wish I could try the delux version I dont wanna buy it tho.

Im playing it now OP  
I will let you no how I do.

OHHHH game be haunted. Also damn, DOS on old XP, gotta love it. While we're talking about this;  
do you remember playing Nanosaur at all in school? That was super popular at the time when I was  
in elementary.

Make it to the end ?

Brooo I was almost to the end then I got a black screen I was right right at the end only lost 1 person

I was having fun hunting a lot.

And yeah I remember nanosaur that is was one of first games I ever played.
