As the title says, i have been doing traffic on omegle but i keep getting robot checks every time i press esc and it was a pretty good traffic site

Would pay 50\$ after i get a good traffic site

I put together a list of sites a while ago with the intention of making it into a nice shiny guide and selling it after milking the sites myself.

However, I had a real girl let me down and didn't want to waste accounts/time with a free pack.

I would be prepared to sell the list to a few people at a reasonable price, as long as people keep it to themselves and don't share it with their Discord buddies.

E-whoring really isn't for me but I would come back to it as a middleman for a real girl.

Don't use Omegle... If you are located in the US simply using [BRAND NAME REMOVED] or similar dating apps (Won't disclose as I use bots on a lot of them) You can easily make money without even having to check the accounts.
