Thread: [\[FREE\]\[HQ\]\[REAL\]\[NO PROXY\] WEBSITE TRAFFIC FOR ALL](#)

Zan0n - October 5, 2019, 8:02 pm

Hello Guys!

First of all..

Why Do I Need Website Traffic ?

Algorithms rule the Internet. They are the reason why one website will rank higher than another on Google. They are also why an item on Amazon, eBay or Etsy will have higher search position than another. All these companies record your traffic statistics so they can fine tune their algorithms and rank sites or pages with more traffic higher than others with less traffic. You can increase your rankings all over the internet with some quality traffic to put your site ahead of your competition. It's as simple as that.

How can I get FREE HQ traffic from you?

Simply comment with some required info:-

1. WEBSITE ADDRESS: [YOUR URL]
2. TRAFFIC SOURCE: [CHOOSE DIRECT/GOOGLE/FB/IG/TWITTER/PINTREST/ORGANIC KEYWORD]

You may not include url that are

- Malware
- Adult content
- Popups

How was it HQ?

GOOGLE ANALYTICS APPROVED

All hits are seen on Google Analytics. If you want to see the true number of hits then have a look at "pageviews".

ORGANIC KEYWORDS

Pick and choose what keywords you want to rank for and website traffic for that keyword will appear on your Analytics dashboard

WHITE LABEL TRAFFIC

You decide where your traffic comes from, Google, Facebook, Instagram, Twitter or Pinterest ? Or maybe you want to enter your own or just want direct traffic ? You decide !

VISITOR DURATION

Make Visitors stay between 10-60 sec appears more random and natural.

LOWER BOUNCE RATES

You can set what percent of visitors you would like to navigate to another page on your website or click a link on the page. This reduces bounce rates which is a big factor of quality traffic in algorithms.

Each of you will get 500 HQ website traffic and will be delivered between 24-48 Hours.
Enjoy Free HQ Web Traffic! ?

Thank you for your kind offer of traffic. Would it be too much if I ask for four different links to be viewed? If not I'll put them in order of preference. Thanks in advance!

Could you please remove the links from the quote? I'd prefer them not to show up one day when

someone searches for them on Google. Please.

Actually I don't recommend this for YT views as it may drop. YT views need atleast 60-70% of total video length to get better results. But you can try this anyway. Lmk if you still want to proceed.
