Thread: [Free pizza from pizza hut for Los Angeles residents](#)

packofmidgets - October 9, 2019, 9:17 am

Get a free pizza today only for residents who live in the following cities

Orange County, Riverside, Los Angeles, San Bernardino area

just go here: Spoiler [\(Click to View\)https://www.chargers.com/promotions/pizza-hut](#) and fill out the form to get your free code in email almost instantly and enjoy a free pizza when you order online.

I have tried to use these to order to another location not on the list but it seems they have linked the codes to the specific locations online so I will not have a use for this myself but I am sure others will =)

codes expire after today so use it while you can.

Enjoy!
