I'm gonna go the other way and tell you to not spend it until you have even more money

Uiqueblhats - October 11, 2019, 5:04 pm

Invest it into something.

If you don't know how to sell your bitcoin for cash money; visit the Currency Exchange Section of the marketplace.

Cooligan - October 12, 2019, 3:14 am

Hookers and cocaine.

Thank me later.

Ortos4 - October 15, 2019, 8:54 am

invest it into something that will make you more

Goku - October 15, 2019, 9:09 am

Why is everyone on hookers and cocaine... lmao

I would buy, new clothes, or a new stuff for your hobby. Like I do photography so I would buy a new lens or tripod, or Bose headphones because I listen to music all day.

You can also buy around \$300 on random shit on Aliexpress/eBay.Like an RC drone.

Maybe invest in a 4k 65inch tv... So many options OP. And the best one is to give me some some I got better use for some of that money lmao

GENT - October 15, 2019, 9:26 am

Spend it on whatever you think will give you the most satisfaction
