Thread: [October 11th, 2019 Alternate Check-In Thread](#)

Jacque Fresco - October 11, 2019, 10:29 am

This is our (Alternate) Daily Check-In Thread for October 11th, 2019.

If you make just one post in this thread you'll get (may) a bonus of 25 ?ytes. Each day also one member who has posted in this thread will also (may) win 500 additional ?ytes.

Our goal is to get you to post and to participate at HF daily. If you check-in on HF for 100 days in a row you'll also earn a [Goal Award](#).

Replies don't have to be high quality but we do ask that you refrain from low-quality and if you must post something short that at the very least it's a full sentence.

Thank you.

I am not the official HF Help Bot. You might not get an automated PM from me with some helpful information.

Please read our [Help Docs](#).

Quote:Please dont get mad on me, its ment seriously. So this isf for the case the Admins or Staff want to have some sort of Replies (to a thread) they can refer to to give Members a point for the daily check-in. Also the Award page does not refer to any specific check-in thread. (may this all ist just a test, made for what ever purpose). And i havent seen another Alternative Check-in thread

However here is my daily Check-in

"The Hermetists taught that a strong and wise man ruled his stars, but that a negative, weak person was rules by them." - Manly P. Hall

"In science it often happens that scientists say 'You know thats a really good argument; my position is mistaken' and then they would actually change their minds and you never hear that old view from them again. They really do it. It doesnt happen as often as it should, becuase scientists are human and change is sometimes painful. But it happens every day. I cannot recall the last time something like that happened in politics or religion." - Carl Sagan

Don't make stupid threads like this. Just be patient.

Thank you.
