dragonHarem - October 12, 2019, 8:34 am

Zexi - October 12, 2019, 8:46 am

Never believed in those dumb old beliefs like if you dream something and say it before 12pm it will come true or if you are looking at your palm someone is talking about you.

SIM-4398566 - October 12, 2019, 8:59 am

Fortunate - October 12, 2019, 9:03 am

I love to sneeze on people's faces.

Natas - October 12, 2019, 7:30 pm

I always thought if you sneezed it mean you lost your soul.

loomski - October 12, 2019, 10:26 pm

Yeah OP, I agree. I remember I was thinking about this very same thing just recently, so I got everyone I know to come around me and start talking about me, and guess what? I didn't sneeze! So ha, I fooled the system pretty much and "stuck it to the man".

Cocaine - October 12, 2019, 10:36 pm

I've always heard if your ears are ringing someone is talking shit. Never this lol

MachoAlpha Territory - October 15, 2019, 1:04 am

Fortunate do you have any eWhoring packs for free ?

Why is it that after tieing the knot I have an attraction for other women. There's this girl who is pretty looking at work with a child and she is into me. She's told me several times. I don't know what to do.

PrinceOfTruth - October 15, 2019, 1:08 am

Pancake Boat - October 15, 2019, 1:24 am

Well I have hay fever and I'm allergic to a lot of things. So I assume I must be really popular or hated if this is true.
