any feedback is appreciated

Some more back story about the brand you made this for would be great, but just the design is awesome!

This is not the first time I see your stuff here, I must say you really got that thing for design.

Lorem Ipsum - October 13, 2019, 12:26 pm

Amazing design! Except the little fact that I'm not a big fan of yellow teeth, I do love the design.

How much would a shirt like that cost? Incl shipping to USA, EU and Asia?

Ortos4 - October 15, 2019, 5:16 am

Looks pretty good in my opinion

Looks really good in my opinion.

The only thing i can ask for is - as passCODE said, the story behind it.

Interesting design

Nice colouring and alignment

Something off about the shape though, can't put my finger on whats off

Chemistry2050 - October 26, 2019, 12:22 pm

What inspired you in this design?

Bob White - October 26, 2019, 12:25 pm

I'm a stoner and I would not wear that. Ever considered pandering to the Oil crowd? We buy more merch than the herb smokers.

Look at dab pins and dab hats and dab mats and you will see what I mean.

Wishmaster Akunin - October 27, 2019, 6:10 am

Ahh just my kind of shirt, good job OP

Miles Morales - October 31, 2019, 1:00 am

Looks like a sweet ass design! Would so buy one of these.

Crypto - October 31, 2019, 2:44 pm

It looks good man, only thing I would say as a tip is to maybe have the colors a bit brighter. They seem a little too dark to my liking (could just be the mockup)

Apart from that, amazing design!

LegendarySennin - November 13, 2019, 2:13 am

it really look great keep it up for me

norred - November 17, 2019, 8:00 pm

Great presentation and good illustration. Maybe the tag hides a little to much of the art but i really like it
