I'll likely be 6'7-6'8. It's honestly not as bad as everyone thinks, although some doorways really aren't meant for us

Man I always wanted to be bigger because I would have had a better shot of playing in the NHL.

I'm 6'0 but slim, too slim for upper level contact sports I think.

Everyone uses ft/inches over cm when discussing human height or dick length.

183cm is 6ft

HEISENPUG - October 16, 2019, 10:12 am
