Thread: [DWC, I'm being impersonated LMAO \(free tea in thread\)](#)

Aficionado - October 16, 2019, 7:08 am

Look's like I've reached that level of cool ?

All jokes aside, some kids are running around impersonating me + nulled staff,

I got a warning a few days ago from a friend, then 2 more people hit me up today.

Click here for some good tea:

Spoiler [\(Click to View\)](#)

and then today, got hit up by 2 people;

Anyways, what I can confirm is that the user "findevv" from HF is somewhat involved in this <https://hackforums.net/member.php?action=profile&uid=4381692>

If anyone has a good linked in account, this is Viets/findevv "companies" linked in profile;

<https://makethedevison.com/>

<https://www.linkedin.com/company/the-devison/>

There's 3 employees, I can't view any of them cause my linkedin profile hasn't networked enough apparently.

Their scam:

PLEASE ALWAYS CONFIRM WITH ME VIA PM/CHAT IF WERE MAKING A DEAL!

The following accounts come from the same scammer:

Benji#0587 Trappy#0543 FINNDEV#8746 Viet#8501 Aficionado#8449

Which I suspect to be the bulgarian scammer once again, he started targeting people from Magaddino's group

Finndev was actually famous in the league of legends community scripting scene, no idea why they use his name LOL

It was literally posted in the discord. He did not do any detective work.

Isn't it the Bitcoinfactory dude aka Heisenberg who runs these fake scam accounts?
