Thread: [\[\\$60\] Boss Income by KZW \(\\$1000-\\$2000 A month possible\)](#)

Zuid kb - October 16, 2019, 12:45 pm

Dear HF users,

I like to present: Boss Income. A completely legal method to earn some very decent cash. I've personally used this myself and have been upscaling the income ever since.

Why should you consider to invest in this e-book?

- Legal.
- Once it has been set up you don't have to do anything yourself. Others will do it for you!
- I offer support to everyone until I think you are ready to continue by yourself.
- No investments required upfront.

What is the pricing and how can you buy it?

The pricing is \$60, This automatically includes support.

To buy you can either PM me or send me a message on discord: kevzw#3187.

Payment options:

Paypal.

BTC.

Proof of earnings:

If you wish to see proof of earnings you can message me. I will be happy to provide proof.

TOS:

Spoiler [\(Click to View\)](#)

- All sales are final.
- I do provide support until you reach the point where I think you are ready to continue yourself.
- Sales thrashing will immediately void support and future updates.
- I reserve the right to change the TOS at any time.

If you think you are the right person to receive a vouch copy. (A reputable community member). You can ask me to provide you with one. I decide if I think you are the right fit for a vouch.

Does this work for the UK? Sounds like MLM scheme tbh. If it isn't and working in the UK, I would like to take your vouch copy offer please. Thanks in advance

Would you be able to post the proof of earnings in here? It just makes it a bit easier for everyone to see.

Do we have to invest any further money into it when bought?

Also, if we could just have a brief write up of what it does/doesn't include e.g selling/cpa etc.
