Thread: [League of Legends Unlocked accounts | Unlocking service](#)

Phantom Mob - October 17, 2019, 6:38 am

I have fresh lvl 30s that are unlocked meaning all champs.

[image](#)

Perfect for smurfing.

I can also unlock your account. This is not done through the LPP. This is permanent. If you need more info I can elaborate more.

I believe I'm the only one doing this so far.

100\$ lvl 30 unlocked account with unverified email (I created and lvl'd)
150\$ to unlock your personal account

Depending on what region you're on depends on service time.

Does this include any skins or just champs?

Any risk of the accounts getting suspended or reverted etc.

Galaxias - October 17, 2019, 7:28 pm

Pretty sure this is through partnerships with PC cafes and events around the world. To warn everyone, this is not permanent as far as I know. If you are not playing at the location in which League has a partnership for "League Unlocked" then you lose everything that was given to you through it. No idea why this dude is trying to charge \$100-150.

This does not involve cafes whatsoever.

I'm not? I've had these happened to many of my accounts that I played during these events and for one, they are not permanent.

https://www.reddit.com/r/leagueoflegends/comments/6vsjtm/league_unlocked_suddenly_unlocked_every_champion/

I feel bad for anyone that believes this shit is permanent.

VulnTutorials - October 23, 2019, 2:02 pm

You should give someone a Vouch Copy who is trusted

Like I have stated once before. You don't have a clue as to what I am doing.

Again, This has nothing to do with cafes. I do this all from home.

Just all champs and future champs.

I would say this is quite safe.

Not one of my accounts has been banned or revoked unlock.

PharaohGC - January 5, 2020, 10:02 am

I've done exactly same service 3 months ago, Paid \$100 for the dude and he unlocked it for me. Everything was great till I got banned 2 months after him doing it.

Method is not safe at all and you will get banned sooner or later.

Have no clue what you're talking about.

Please dont bring this bullshit to my thread.

I am willing to take vouch copy if you want I have a big discord 2k + people (league of legends related)

If this is legitimate I can advertise it for you and maybe we can make a deal on the prices.

This would require at least a vouch copy ?
