I love your spynote rip! looks really good dude, like how you stole the sourcecode and everything :D

I can legitimately back up this claim I'll post the proof soon
also read his other threads

Proof #1

Also ik that's an old version but look at the new version

its a copy of spynote..

XrRed - October 29, 2019, 5:57 pm

Good luck with sales. But why is it so pricey?

it's clearly spynote libtard

Yurizon - October 31, 2019, 6:24 pm

Good catch kayfox
So the spynote comeback.

kkkk - November 2, 2019, 7:59 am

Wow, what a RAT!

So my Android Tester version has 1.000\$ value? Please stop scamming people.

poulka - November 2, 2019, 12:40 pm

hey anubis is free and works perfectly what is my difERENCE?
