The method focuses on safe bets with minimums of X2 Returns for every bet placed.

Yes, very true gambling has it's risks. That's why if for some reason you happen to be extremely unlucky which I don't see anybody experiencing with this method I do have morals and empathy for others and I would definitely give that person a 100% refund.

You can deposit as little as 0.50 Cents however I will say the more you deposit the faster you will earn.

Will not be sharing profile but will share with you guys the net profits.

This is a method I bought resale rights to back in the day and am finally releasing it back into the market.

I've made some tweaks to it just because the site has changed a bit but the method is still the same and I have made quite a bit from it.

Here's the original thread with plenty of Vouches and Proof of profit.

3million bits in only 557 games? What was your initial investment and basebet?

(Oct 24, 2019 10:46 AM)evelution Wrote: [\[CITE\]](#) 3million bits in only 557 games? What was your initial investment and basebet?

I initially deposited 250\$ into my account and would usually bet 20-30% of what I held in my account.

However I was constantly withdrawing into my personal wallet and when I felt like playing again I would redeposit money.

I would withdraw every 2000 dollars in profit but would always leave at least 250 dollars in my account.

Even with a small deposit you can easily reach the same results as me especially with my support.

Obviously the more you deposit the more you earn.

It's not exactly a script that you run and leave. You do need to be at the computer and working it yourself in order for the method to work.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Willing to leave an indepth review, with images and details about your method if you are offering a copy. Your current vouch is from a brand new member which does not make it invalid but less believable.

I have a history in writing reviews which includes being in appraisers at one stage and being 100% truthful.

If what you are selling is good feel free to message me to give me a vouch copy, if its doo doo you most likely wont as I will be brutally honest and don't want that

either way good luck with sales.

PS: using couches that arent linked to a contract is a violation of terms and service of the forum.

No its really not. You are asking people to buy from you with no existing marketing history. Out of your two ratings on is negative requesting a refund that you seem to have promised but never done.

Your answers and your behaviour by leaving a negative reputation on me confirmed my suspicions either way.

On another note i have some questions about the product.

Does it have anything to do with writing down the last 50 busts then putting a 100x multiplier?

also anything to do with waiting for 6 extremely low busts then betting with a 2x multiply sir?

Need to know if its the same shit method that's been resold over and over

I agree with everything Pronouncer is saying.

Let us give you in depth vouch reviews so we can portray your project in the right manner to the audience. This is something that has been done over and over. If you're method is unique, you're best bet is to have two highly credible members reaffirm your sales approach.

Let us know. If it was entirely free money this thread wouldn't be open right now, as you would have unlimited money. Anyways, shoot me a pm to receive an in depth vouch. Pronouncer and I have outlined why they are necessary for your product.

Would agree with this, As i was curious on this thread before you can go look, and you told all the curious people to look at all the vouches on the thread.

That was a time where someone would post a thread and 10 minutes later all his friends would vouch, A lot of the vouchers were not buyers & there were some complaints when i looked at the thread we were told to look at for vouches.

So i believe a fresh no friend, no bullshit review, if its what you saying it is, it will boost your sales.

"If what you are selling is good feel free to message me to give me a vouch copy, if its doo doo you most likely wont as I will be brutally honest and don't want that"

Because of this mentality that if I dont give you a vouch copy that the method is "doo doo". That's why I gave you negative because I don't have time for low quality noobs trying to score a free Money making method. Also you're an account with a Market place violation seems you don't know much about the Marketplace here on HF. Instead of trying to sales trash a good method because I didnt give you a Vouch copy and instead gave you a Negative reputation you could buy the method and try it yourself. I'll sell it to you for 10 dollars with support and you can then leave your review.

Your account is made in 2016 during the cancer days of Hack forums. Most likely a multi because your main account got banned for scamming or leaking. This isn't Costco dude where we give out free samples show some respect instead of saying If I don't give a LQ user a copy of the method for free may I add that it's a shitty method. Most likely trying to sales trash because of the success of this method. I've had Dozens of sales of my method and only one person who didn't try the method because they were lazy to actually do any work. Like I said I have morals and if you decide to buy the method and are unsatisfied I will 100% give you a refund.'

"No its really not. You are asking people to buy from you with no existing marketing history."

Now you're trying to say theres a possibility I'll scam because of my marketplace history? Lol then a user would open up a scam report and it's only 18.99 for the cheapest package and I'm a HF account make in 2012. Don't think I'm going to scam for 18 dollars dude. Hopefully I didn't ruin your whole life with that negative reputation because you're tripping right now doggie.

You also don't give Vouch copies. Is that because your method is trash? I'm not one to judge on things I haven't seen before.

Because someone just saying "vouch for OP he knows what he is doing", That isn't a vouch, they removed that from HF threads after that thread was posted, I was looking at anyone who bought and there was complaints from them.

You definitely don't have the method from

The old seller or else you wouldn't be asking for a vouch copy and I don't think you were a member of back forums during that time. I have a log of all the profiles of the past people that bought the method. If anything somebody leaked the method to you. And no the method has none of that inside of it. Your question wasn't avoided I just didn't read most of your post.

Or it's possible you could've bought the method from the old seller on your old back forums account that got banned for scamming. You tell me.

So who is the person that confirmed this? I doubt anybody because everyone I've sold this to has had such good results.

Juat so everybody knows this gentlemen's is clearly upset that I gave him a negative reputation. In return for that he's trying to spam my thread with multiple pages of his argument that is pure nonsense.
