Thread: [PlayStation Fortnite vBucks](#)

I made a fresh PSN account with 120gbp in it (e-whored Amazon gift card which later claimed PSN codes which i was not able to sell for higher than 50%).

It's with 120Pounds in it which means you can either get games or buy Fortnite Bucks and gift to your main skins.

I am asking 65% for this.

Accepting Paypal, Crypto as payment.

Willing to use Lavish Living for MM

Still having this account with 120 gbp in it.

Great time to use it for Fortnite vbucks services or to gift to your accounts on ps4/xbox/pc
