Spoiler [\(Click to View\)](#)

I'm offering extremely high quality Yelp reviews, business yelps will receive more value, everyone uses yelp and many businesses are ruined because of negative reviews, I offer positive reviews that stick into the business and will always show, I also offer negative reviews for those trying to hurt an establishment.

Countless months is invested into my personal accounts to be top quality yelp account and to maintain quality to businesses and business owners.

These high quality yelp accounts is tedious and can take years, my review will hold value to your business and shine light upon any negative reviews in the past, by bumping my review to the top.

Price per 1 review is \$25 that's a cheap price, I can do Positive or Negative review, these reviews tend to sell for more to legitimate businesses. Only 1 review per business to keep it safe, but I'm able to do multiple businesses. Country and area doesn't matter.

\$25 BTC, Cash app or Zelle,

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
