Thread: [\[FREE\] Private Investigations.](#)

Fluox - October 31, 2019, 11:08 am

INTRODUCTION

Hello! And welcome to my FREE private investigation thread, i am looking to improve my skills within the section of private investigation but in order to do that i need targets to try it on, so why not kill two birds with one stone and learn more while giving back to the community?

I have re-opened this as a new thread due to lack of organisation and execution on my behalf with the last thread of the same name, this time i plan to do the whole thing up to a better standard.

At the bottom of this page is a section named "The List" Within this section the names of the people that have asked for help and the status of their service is listed, if you wish to know your current status please feel free to check out the list and if at any point you wish for your name to not be present on the list you can tell me so either below or in a follow-up reply to my private message

HOW TO GET THIS SERVICE

If you would like this service please leave a reply down below. Please do not PM me in regards to this service i will contact you after you have left a reply down below. This is to ensure organisation, failure to do so may lead to me missing your request.

DISCLAIMER

My replies to the thread and the service may be a little slow as i also manage two other threads, i am sorry in advance for the wait time but i will get around to all of you.

Your name will be added to the section listed below called "THE LIST" once you ask for this service, if you wish for your name not to be placed on there, make sure you state so in your first PM to me.
