The money I send by bitcoin, once send.

The user my delete discord.

And to delete the messages on discord.

Payment:

The user will block me once I send the money and directly delete his btc address.

Even the ub3r scam gg

I provided all the evidence on my side, he he to delete all these messages, he does not assume these own messages, weird that?

It's not the first time, I should have looked at his profile before sending the money.

It's my fault at the same time.

I trusted his group ub3r
