Check out my friends over at DBC as they collaborate with WWE Superstar Ricochet to create a beautiful one and only custom Boss SCT.

Give them a sub and a like if you like what you see, they are very cool dudes trying to forge their own path and definitely know what they're doing and have plenty of resources to get them to where they want to be.

Oh yeah they're badass rides.

I actually got to ride in that car before they showed it to anyone outside of their company. Perks of having friends in all of the right places.
