Got the vouch copy from [TheSweetShop](#) . Received one working EDU Gmail account. Wouldn't

hesitate to deal with this user.

Evanescent - November 8, 2019, 9:03 pm

I received a VOUCH copy which is the highest level that the OP is selling.

Just to confirm that it is working, I signed up to Amazon Prime and it worked. Here are the screenshots of Google and Amazon:

Good luck with sales.

This looks good. You're new like me, but you're already providing value to the forum.

I sent you an email. I suppose you don't have vouch/review anymore? Thanks.

What is the error rate, for example buy 10 accounts and how many work? Can you tell me more about the warranty? If an email account gets canceled or banned or whatever, do you replace it with a brand new working one? Thanks.

if you buy 10 100 1000 accounts they'll be all working, freshly made

if any account get canceled or disabled or anything , you'll get a replacement as soon as i'm online
