Thread: [\[WTS\] Private Internet Access Personal Account - 2 Year Plan](#)

Winds - November 8, 2019, 1:17 am

I'm interested in selling my PIA 2 year plan personal account. Upon purchasing the account you'll receive the credentials and the ability to change the password.

PIA is the best VPN out there in my honest opinion, just look at their Trustpilot score and read about their support.

Their transparency report: <https://www.privateinternetaccess.com/pages/transparency-report>

718 days are left as of November 8th.

Retail price: \$80

My price: \$50

Start a convo if you're interested, thanks!

\$50 is a good price for this. I used to have the 2 year plan also, great VPN without a doubt.

If I didn't already have a 1 year subscription for a different VPN I would have purchased this. Best of luck selling mate

I've tested multiple VPN services throughout the years and PIA is definitely the best one. Most people go for [censored] and their shady marketing practices, which in my opinion is a mistake. Just look at the Trustpilot score of [censored] and see what I'm talking about.

[censored] is literally like the worst VPN anyone could get. I hate N-o-r-d
