Target Korean people. Pretend to be a tourist moving to Korea and like you're learning Korean or something like that. Be creative!

I think pretending to be Korean and target others would work better personally.

Psssstttt... spy cams. Put a spy cam in your bedroom. Make a website to stream the spy cam every day at 10 o'clock.

Charge people in exchange for watching your spy cam. Profit!

bollinger - April 9, 2020, 6:08 pm

At first you need to learn the language English, and then you can set everything up. Cause if you can't talk english. You can't talk to the costumers (maybe google translate) but that will be very weird for the guy that buys. Maybe there is a korean way to ewhore
