Must have 1000 post.

This for L33t or Ub3r

Post on why you deserve this and what you can bring to HF.

200th post gets a black diamond award.

(Edit) didn't realize it was gone

Contest ends at 200th post. (No low quality posting)

Can be for a award of equal value if you are already upgraded.

Nachfolger - November 9, 2019, 3:18 pm

Can I switch the upgrade for a award?

TheChaosKiller - November 9, 2019, 3:21 pm

This is a really nice idea and giveaway. If it were possible to win and switch for an award like Nachfolger suggested, that would be great, but understood if not. Personally, I'd put myself forward because I'm always trying to help the community here by either contributing to blogs, writing for others, performing services and creating partnerships where I can. I'd like to think I'm doing my bit for the forum by helping others avoid pitfalls, and furthering our shared knowledges.

I just do quality posts, you can check it out yourself. I also equally like to teach and learn, and sharing informations is the power core of this community.

Thanks for the contest!

Anima - November 21, 2019, 2:34 pm

Does this count for vendor? ;) Nah for reals good luck to the peoples eligible

Accord - November 21, 2019, 6:47 pm

I dont have 1000 post yet but I will still try my luck. My very first contribution here is:

[\[\\$0\] \[Sseur Remote Keylogger \] Stable // Updated // Encrypted // Remote Delivery](#)

I am very hands on in this project and currently working to release the next version of it also for free, currently having a problem on updating my thread. I cant update it anymore so I cant replace the download link, I read that being l33t or uber will give you permission to have multiple edit in your thread.

Thank you so much for this chance and good luck to everyone.

Silkroad - November 21, 2019, 7:03 pm
