No disrespect but I've seen similar services sold for \$20-25. This is very overpriced.... 9/10 services that are supposed to last a full year don't.

It's the same thing every thread. Adding to cracked accounts. They post a random number of months pulled out of their ass so they can charge 10x the money.

Do you guys honestly believe this shit anymore?

They're not cracked accounts that you are added to, Google accounts have too much security such as 2FA

Lasts for 1 year. In the US Premium is \$11.99/mo, so this is a steal.
