Hello guys i have found this way to earn money so i thought to share with you . It is highly profitable because there is almost no risk.

Register an account at www.catchabtc.com

Copy the script and paste it at autoBet -> Custom

I also recommend running this script on VPS so it doesn't stop.

Is catchabtc even legit?

I've seen some people complain that they weren't able to withdraw.

EDIT: I'm 99.99% that it's a scam.

Seems a bit like it is to me. Don't you need to invest an amount to even make the script worthwhile anyway?

I think I'll play it safe and pass on this.
