It's pretty great show for some reason it turns some people off, but it's nice to not give a fuck and watch some senseless shit sometimes.

Rick and Morty is probably everybody's favorite show atm, to be fair you have to have a pretty high iq to get the jokes.

Yes, I absolutely agree that it is one of the most beautiful cartoons I have seen. I also downloaded the virtual reality experience of Rick and Morty and it's a lot of fun.
