Thread: [Seven Deadly Sins Season 3](#)

What do you think of the season 3 animation? Especially the white blood censorship. For me the first episode was almost unwatchable, the second one my hopes went up when I saw some actual red blood but I was quickly let to find they started turning the censorship on and off.

I don't know if there is another thread about this here but if there are, I apologize.

I haven't watched it but from what I heard people say it's trash.

I don't mind the blood, it's good for me, the animation was the same as s1 and s2..

The New Animation is pretty TRASH yeah.

Makes my watching experience slightly worse, but it's whatever I don't care as long as I get the content.

The animation went down hill, way too much backstory, legit 4/6 episodes are all backstory. Has to be the worst season yet, almost considering dropping it.

Me personally I will be waiting for the blu ray version of it, someone said it might be done by another team but not sure how accurate that is

The anime overall is pretty nice but I expected such a better video editing and visual effects. But the main story is cool asfk. ?
