Thread: [Suggest to add Jabber in my bio box](#)

Root-Senpai - November 12, 2019, 1:20 pm

hi, sorry if suggested before, I think this is good idea tho
in my bio box on profile there is space to put lots of accounts like discord, skype, and many IM services

I think adding jabber to this would be great! thanks ?

Printman - November 12, 2019, 5:25 pm

Yeah i agree but i dont think they do it u can put it in ur signature

Natas - November 12, 2019, 5:31 pm

I suggest removing all chat like instant messaging completely off of this forum.

why not? there is Skype, Discord, etc...

HF has jabber server so why not do it

true, i tried convos for first time and it works well.

but i found HF jabber before that and it seem to be still online cause the domain is, i see no reason why they wont do jabber at least

very true, i like the way they look but if they get removed i understand why

Hex - November 12, 2019, 8:00 pm

Pretty sure I recall some sort of XMPP thing previously. HF has ample means of communication on-site. That's the best way to deal and having proof if you're scammed too.
