Thread: [\[HOT\]](#) [\[Limited\]](#) < BustaDice \$\$> Ultimate Script [Low-High Risk] [\$10] [3x Profit]

ChumChum - November 13, 2019, 4:35 am

HOLDING THIS THREAD TO EDIT:

IN short I have a custom script for bustadice, that CAN make you big profit. This was privately coded by a group I do have rights to resell as it was made for use.

It is recommended to have atleast \$20 to invest.

With that \$20 you can guarantee no busting.

Profit in an hour can be anywhere: \$10-\$30 if done right. With just the \$20.

Of course, I would be a liar to say you wouldn't lose sometime, but the way this works you can make profit before anything.

Gambling is gambling but the script works to minimize the loss and make the win the most.

The feats:

Low-High risk setting

-minimum betting/max

-9 level you can choose from

-Stop at a specific amount

-steady to high

high-speed seed change.

Specific dice rolls

Reason I am selling: gambling cannot be saturated. I am saving up for a new laptop by black friday, the more money the better.

I will accept btc and paypal friends and family only. Unless you have a service or item I am interested in.

[contract=tid]Start Contract[/contract]

Do to the nature of this, I cant refund. You take the risk of still gambling. If u lose I cant be held responsible, it's still gambling. This only minimizes risk.

I'll go first for \$10 and try it?

These scripts are never really anything special and it's still all about luck. I mean if I try it out and make a profit I'd buy it. But other than that I wouldn't even bother with these scripts tbh.

Gambling is indeed luck, however you can increase the odds. Scared to make money can't make money. Drugs. I noticed you love replying to everything I post. Thanks for always bumping.

Surg, I have pmed u. Let's check this out fam.

voidecc - November 14, 2019, 3:50 am

I'd take a test as well for \$10 if it's not martingale or some countup script or something looking for "good seeds"

To increase chances, profit is guaranteed if used correctly and smart.
