First, you must choose a botting platform (OSbot, Dreambot, etc). There you will find scripts to use that will generate gold. The rest is quite comprehensive, I don't recommend attempting it without prior knowledge, or without doing research. (Try Youtube)

I will add a FAQ section soon, perhaps that will help any folks that are not familiar.

Appreciate your inquire.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
