Thread: Fortnite Minty Pickaxe Codes (CHEAPEST)

Modern - *November 13, 2019, 6:59 pm*

Restocked my codes tonight, selling as cheap as I can so please don't ask for any cheaper prices.

Prices are: $18 Cashapp or BTC.
$20 via Paypal.

Bulk will literally be same price, I cannot cut myself any cheaper than what the prices are set as.

All codes are redeemed via screenshare or there will be no excuse of "code didn't work".
We will be using MM unless you have 15+ vouches, or go first.
If you have any scam reports open on yourself, don't bother wasting my time expecting me to go first.

No vouch copies, or "discounted" copies. ?
