After everyday ninja is awarded, I'm taking a month self ban, toxicity is rubbing off on me.

Not to mention after that dream the other day, I think it's very much needed

Then I guess I'll miss out aha, starting to think the amount of time I spend here is affecting my good mental health.

I've broken my streak like 3 times now. Up to 27 days at the moment. Hoping I can keep it up till 100 but I'd probs ban myself as well to have a break lol

Argh, that would kill me internally if I broke my streak even once.

Today will be my 90% sign in, this is the only reason I'm not taking a vacation right now

Nah, just it's crunch time at work and I'm easily affected by trolls right now due to the high stress levels of pushing the client by the deadline

Just gonna sign in and leave it at that until my vacation
