Thread: [Is there something wrong with Omniscient?](#)

SIM-4086413 - November 15, 2019, 2:22 pm

I noticed that Omni hasn't been online on HF for i think 5 days now, i was wondering if there was something wrong as i'm not used to seeing him inactive for so long or does it happen frequently?

I believe that many members want to show support and love if there is indeed something not alright.

Were you born retarded or is this just a thing that's happened recently?

Usually when he not on for a few days it's just a vacation. And he's been gone longer than this before.

F8 hasn't been active since we removed Account Recovery a year ago. I'm not sure how much information is passed his way at this point.

Omniscient is just on a family vacation. He doesn't advertise it ahead of time for security reasons but I am equipped to handle things while he is AFK. In a pinch I could always text him and he'd be online straight away.
