Thread: [\[\\$50\] Microsoft Office 365 account with any domain of choice](#)

?ch?m?II?? - November 16, 2019, 5:51 am

Hi guys,

Don't mind the lazy effort put into making this thread ?

Well I'm selling office 365 accounts with access to microsoft apps and outlook for a month with any domain of your choice and you are free to use it however you like. e.g if the domain of your choice is "faithaero.com" i will create an account for you as "user@faithaero.com" for a month. also domain names should not exceed \$5. the excess expense of any domain that cost more than \$5 will be added to your bill. e.g if "faithaero.net" is \$6 i will deduct \$5 from the cost and add the excess amount to the price, which would make your price \$51.

Cheers ?

Disclaimer: However you use it is up to you, and whatever consequences you may face from your usage I am not going to take responsibility for them.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
