Thread: [Browning Buckmark Plus SS Black Lam UDX + Vortex Venom](#)

I've been shooting for 9 years now.

I'm from Belgium so owning buying and shooting with guns is pretty restrictive/regulated,...

A 9mm is fun to shoot but it's also more expensive then 22's.

My 9mm also is not a "new" gun and it starts to show it age.

It was time for something fun and new so. I bough something new ?

It's an Browning Buck mark Stainless UDX (2019) + Vortex Venom Reddot sight price 888 euro's
