How's a channel with 2k subs gonna tell me how to do it when I have a meme account with 5k subs and I post political memes.

Don't get me wrong, some of your content is fun but I don't get it.

You're chill man, just keep it up and do what you gotta do. I'll hit you up with my game and shit if you wanna review it - which if it all goes well, your channel will get promo from people wanting to see what other people say.

Not a bad video but like you said consistancy is key.
