I wouldn't say it looks necessarily laughing, but it looks sick. I would say great work there.

It looks like lifestealer from dota 2 :D nice job

vRWN - December 8, 2019, 2:59 pm

Good job bro, I think this looks really cool!

It looks great however as the person above said it doesn't really look like it's laughing.

Not sure how you could make it look like it's laughing at the moment but that's what you're supposed to figure out as a designer.

Other than that I think it looks great, good luck to you!

Nice where is the text there should be some text to go with it

Excalibur_Temp1 - February 24, 2020, 10:34 am

Woah, that's amazing. Is it in anyway related to Full Metal Alchemist?
