Thread: [Rant | Having a BM is Ghetto](#)

Billeh - November 21, 2019, 9:37 am

So don't mind me y'all I just want to go on a quick rant about how ghetto it is to have a baby momma. I just left from my court date for child support & it is absolutely ridiculous how the courts favor women. First of all, I feel like child support is for those who don't do anything for their children. Secondly, I have been an active parent since they day I found out she was pregnant. I've been there financially (Not working at the moment anymore but was for 3+ straight years) & physically for my son more than she has. So today at my court date, the judge was really talking down on me for being unemployed for about 2 months now. Yet, when it came to her being unemployed & not looking for a job for 3 years, suddenly that's not a problem.

TL;DR: Wrap it up, don't get these trifling women pregnant unless you married.

The Caucasus or Caucasia is an area situated between the Black Sea and the Caspian Sea.

Therefor you are a mix of the "BLACK" and the "CASPER"
