While they say that you won't see alot of usernames become available dec 12, chances are it will be by new years!

Lavish Living - November 26, 2019, 10:22 pm

I don't even use twitter, but as soon as this happens I am going to try to snipe an OG name too.

Ravioli - November 26, 2019, 10:25 pm

This is really dope. Great opportunity to get a nice @

Satoru Gojo - November 26, 2019, 10:27 pm

I sure hope so, hopefully gmail / instagram follow soon

Fugg - November 26, 2019, 10:44 pm

I doubt you will be able to claim old OG usernames, but we shall see.

thesaunderschild - November 27, 2019, 2:07 am

I call this "fat trimming". But I don't like how you cannot befit your posts on Twitter.

Edit, I mean. Does this site censor some words?

Unexplained - November 27, 2019, 3:39 am

I've had my eye on one handle forever now. It looks like it's inactive too! We'll see what happens. :D

Popstar - November 27, 2019, 5:52 am

God I've wanted an og Twitter handle for so long now lol this might be my chance

ena.far - November 27, 2019, 6:01 am

Hopefully they make them available not hoard the shit out of them.

ohxerxe - November 27, 2019, 7:04 am

This is awesome. I have always wanted a specific handle that really isn't OG but the account is inactive I would bet. I even tried to go through the steps of setting up a website and business with the name to try to get twitter to give it to me. Hope to be able to snag it as it really should not be on anyone's radar.

Bossk - November 27, 2019, 7:24 am

6 months ??? The heck, should be minimum 24 months.

It's a win for most people! Loads of people just snagged the OG names right away!

Social media is cancer for the soul. I shall not be participating.

I agree with you, but I would still want my OG name incase in the future I want to brand myself.

I understand the logic of doing so if you had or intend to create a brand. That would be a smarter way to use it.

cryp - November 27, 2019, 11:31 am

RIP THE MARKET FOR OG'S LMAO

MrMustache - November 28, 2019, 8:55 am

Good thing what they are doing, and good to grab some OG names perhaps.

flavoral - November 28, 2019, 9:40 am

Well time to setup my turbo lmao

Rsynced - November 28, 2019, 3:08 pm

Ok, thanks for the update! Gotta log in now.

Omniscient - November 28, 2019, 3:37 pm

As the web gets older and these sites exist for 10+ years there comes a point where inactive

accounts are security risks, privacy concerns, and resource hogs.

Voxi - November 28, 2019, 4:33 pm

Time to make some money by copping some OG @'s :)

Unexplained - November 28, 2019, 4:36 pm

They stated this will only be for EU inactives. They are going to figure out how to handle deleting accounts for the deceased.

Horiizon - November 28, 2019, 7:00 pm

Anyone know if this is fake news? Seems a bit bold of twitter to delete accounts that haven't logged in in 6 months.. lmao.

They run out of servers?

They run out of servers?Yeah, 6 months seems like a bit of a stretch.

I can't even imagine how many OG names would become available if this actually happens.

Gonna sit on twitter getting all the OGs as soon as the deletion goes live ? ?

Xo-Zo - November 29, 2019, 2:57 am

Would be nice for them to shut down completely ^^
