Well put together has tons of information and examples within the method. Tons of pictures and links that make everything so easy.

Method: 10 / 10

Although the method will require some work and dedication, it's great all around and can potentially make you some money.

Support and Communication: 10 / 10

Seller walked me through the methods and gave pointers on how to succeed.

Awesome communication, answered all questions quickly and straight forward no BS.

Delivered the method in under a 5 mins and was quick to respond to any question.

Summary:

Would recommend this to anyone willing to put in the work, great potential to make extra cash.

These are put together rather well and will provide tons of information along with examples of each method. Easy to follow along so even someone without prior experience can piece this together!

Method: 8/10

These methods are not totally foreign to me as I have dabbled in the past with some of them. That being said they all will require some work and dedication, but then again so does anything worth getting in life.

Summary:

You will get in what you put out that type of thing. The potential is definitely there!

Yeah, its funny how people always seem to ignore that question!

I want some proof of this before purchase too. Too many fakes out there. If a person is decent and really wants to help others
not just make money selling sh*t then please respond to members asking for proof.

That is if you have proof of course, otherwise please stop this nonsense....

People are asking for at least some more info on this. It's not like they want all the info for free. Just a bit so we can be
sure that we would get a real method that actually works.

Not to mention... ok what is the difference between BASIC and PROFESSIONAL???

I mean hell, you are purchasing something out of the blue and no explanation what so ever.

I might as well throw my money in the bin.

I can believe people actually pay for something without even knowing anything about it.

and the Vouch copies?? What is that I see sellers here saying - vouch copies sent out ... etc etc.. yet we never hear from the people who actually receive them... or if they receive them at all...

we only give vouch copies to "SOMETHING PRO or whatever" members. Of course you do.
It's more convenient this way inst it? Maybe you give the copies to yourselves just to say you did sent them out.

Why don't normal members qualify for vouch copies? If you did a more thorough search you will find high quality people with low post counts who can give honest and full reviews sometimes better than members with 1000+ posts (most of them being "BUMP" or "Sales stil Active" blah blah)....

Otherwise it all fits in the scam patterns techniques some people are too familiar with.

Just my 2 cents. ?

We have given out 2 vouch copes. Awaiting reviews. Chill out.

Don't understand why you're complaining when we're in the process of our reviews.

Also we are only posting earnings of our own customers. We're not going to post our own earnings as that would make it seem like our method doesn't work.

I am not sure I understand that? Please explain. I think it would be a good thing to post your success with the methods you are selling.

It doesn't have to be too much revealing.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
