I bought this a while back when it was on sale and meh. I used it for 10 minutes and stopped. Should have used the free trial before dropping \$ on it.

Pretty sure there's other pass managers out there that are better

Yea exactly that's the point! ;)

Anyways, i wouldn't be able to drop some bucks in any soft at this moment cuz i get fees & home taxes this month... :D

I would like to find a Auslogics BootSpeed 11 key to be honest :'(
